Instructions

1. Choose only one question to answer
2. Your answer must not exceed one and a half pages

Question 1

Social media has become an effective tool for networking. Discuss how you will advise Namibian youth on the best ways to use social media to expand their network. Consider specifically the following:

What etiquette or practical rules and regulations do the youth need to follow when using the social media platform?

Discuss how “name shaming and bullying” could be best identified and avoided.

Question 2 – What is the 2020 target?

In a recent newspaper article Namibia’s Ministry of Health and Social Services, received a standing ovation from other southern African states for progress made in the fight against HIV-AIDS, in reaching the 90:90:90 goal. The 90:90:90 explains how Namibia managed to diagnose 90% of all HIV positive persons, provide Anti-Retroviral Viral (ARV) medication to 90% of HIV positive patients, as well as 90% viral suppression in reaching the 100:100:100 goal.

As an advisor to the Minister, what additional advice will you give to the Health Ministry in their quest to be more effective in reaching their 2020 target specifically in terms of service delivery?

In your opinion what advice would you give to target the 10% left behind, in an assertive effort, to eradicate the AIDS epidemic in Namibia?
